NATURALLY 7

LIVE AT THE RED ROBINSON SHOW THEATRE

SATURDAY, OCTOBER 17

Coquitlam, BC – From quiet success in Europe, Naturally 7 have been propelled onto the world stage performing to more than a million people. As the opening act for internationally acclaimed singer Michael Bubl , the group was met with standing ovations nightly throughout the UK, Australia and North America. With their rich harmonies, an unbelievable ability to replicate instruments and a stage presence that can be felt in every seat of the house, Naturally 7 – the first “Vocal Play” group ever – are truly unique. What makes them so special is that every instrument sound they sing is created from the human voice. There are no actual drums, guitars, horns, flutes or any other instrument that is heard when listening to them perform ... it’s the group members playing each of their vocal instruments.

It was in 1999 when Roger Thomas formed the group with his brother, Warren and five other talented singers who they had come to know from singing around New York City. Having been in and out of several traditional male groups over the years, Roger developed an affinity for a cappella sounds and a unique ability to create distinct harmony arrangements. When invited to sing at a major a cappella competition in New York, they won the competition, moved onto the nationals and took away two more wins. Riding the wave of this new found success and still unable to decide if they were going to be an a cappella group or a traditional band, Roger had a novel idea ... they could be both.

Since that time, they’ve released four albums ... the most recent album, *Ready // Fly* features the radio and YouTube hit, “Feel It (In the Air Tonight).” Their now famous Paris subway performance of the song has received over five million hits on YouTube and the number of people discovering the group adds to that figure daily. In 2008, the group made their North American television debut on *The Ellen DeGeneres Show* and joined Bubl  on NBC’s *The Today Show*. Just this past March, they appeared on NBC’s *The Tonight Show with Jay Leno* after having opened for Jay at his Las Vegas shows. Currently they’re working on new material set for release this fall. The group’s phenomenal talent coupled with a live show that many consider to be one of the best in the world has Naturally 7 poised for a brilliant future.
